

**Georgia  
CCM**

**Report of Oversight  
Committee**

**Reporting Period:  
December 2017 -February, 2018**

**Introduction:**

The report outlines the activities implemented by the Oversight Committee (OC) of Georgia Country Coordinating Mechanism (CCM) during December 2017 -February, 2018

**This includes the following:**

- Site visit to National Center of Tuberculosis and Lung Diseases - January 16, 2018.
- Field visit to Batumi, Ajara region - January 25-26, 2018
- The meeting of the oversight Committee - February 1, 2018
- 89th CCM meeting - February 9, 2018
- Field visit to Gori - February 23, 2018

**CCM meetings**

One CCM meeting was held during the reporting period (89th CCM meeting, February 9, 2018). The report of the OC was presented during the meeting. Other main topics of the meeting: HIV and TB grants implementation status/ The process of preparation of funding requests; Savings under current programs/Reprogramming proposals;

**Meetings of the Oversight Committee**

On February 1, 2018 the meeting of the oversight Committee was held. The HIV and TB dashboards covering period of Q3 of the year 2017 were discussed during the meeting.

**Site visits**

Site visit to National Center of Tuberculosis and Lung Diseases was conducted on January 16, 2018. The visit was aimed at close study of the GFATM supported project: Provision of Support for Patients with Resistant Tuberculosis to Provide Improvement in Treatment, collecting information on harmonization of the approaches to support TB treatment adherence, identifying possible challenges of program implementation and setting up the ways of their addressing.

On January 25-26, 2018 the OC conducted field visit to Batumi, Ajara region. Objective of the visits were: to collect information from SRs and SSRs about the implementation of GFATM-funded programmes, their performance and operations; review challenges in the process of grant implementation and discuss ways of their overcoming. The project implementation staff and program beneficiaries were met during the visit. Sites of the visit: Batumi Infectious Diseases,

AIDS and TB Regional Centre; Batumi Center for Mental Health and Prevention of Addiction. Methadone substitution therapy program; Georgian Harm Reduction Network (GHRN)/Imedi; Center for Information and Counseling on Reproductive Health TANADGOMA, Batumi branch; HIV/AIDS Patients Support Foundation, Batumi branch; Batumi Resource Center, “Identoba”

On February 23, 2018 the oversight field visit to Gori was conducted with the purpose to collect information about the implementation of the programmes, their performance and operations, review challenges in the process of grant implementation and discuss ways of their overcoming. The sites visited: Center for Methadone Substitution Therapy; TB program; GHRN Service Center “Step to the Future”.
